St. John's To Hold Preaching Mission

What the Episcopal Church has to offer will be set forth at a preaching mission in St. John the Apostle church, Belle Glade, Sunday night through Wednesday night of next week. The speaker, one of the most promising young clergies of the diocese of South Florida is Father W. Scott Root, rector of Trinity Church, Vero Beach. Graduated from Guilford College, a Quaker school in Greensboro, N. C. he served in the Navy and attended the US Navy Academy at Annapolis for one year. Deciding that he was called to the priesthood he entered the General Theological Seminary, New York City. On graduation he served for three years in North Carolina. His call to the important rectory of Vero Beach is a testimony to his abilities.

Speaking on the General Theme, "The Keys to the Kingdom of God," Fr. Root's topics will be as follows: Sunday night "More Than Words"; Monday night "Down Old Paths"; Tuesday night "What Goes on Inside"; Wednesday night "Yet There is Room". The services will be very simple. Hymn singing, Bible reading, prayer and sermon. Services are at 8 p. m. and the general public is cordially invited.

There will be sessions for children on Monday and Wednesday evenings at 4 p. m. Monday through Thursday at 7:30 a. m.

WHY SHOULD YOU INVESTIGATE The Church Of Christ

1. YOU CAN READ ABOUT IT IN THE NEW TESTAMENT Romans 16:16; Matt. 18:16.
2. IT HAS NO CREED BUT THE BIBLE. BINDS NO name on its members but Christ's. 1 Pet. 4:16. Acts 11:26. Acts 26:28. II Tim. 3:16-17. Jude 3.
3. IT SPEAKS WHERE THE BIBLE SPEAKS, AND IS silent where the Bible is silent. 1 Pet. 4:11.
4. IT EXALTS CHRIST AS THE ONLY HEAD OF THE church. Col. 1:18. Eph. 1:22-23, 5:23.
5. ITS ACTS OF WORSHIP ARE PATTERNED STRICTLY after the New Testament example. Jno. 4:24. Acts 20:7, Eph. 5:19. Col. 3:16. I Co. 16:1-2. Acts 2:42.
6. IT TEACHES THAT SCRIPTURAL UNITY CAN be achieved on all disputed doctrinal questions. I Cor. 1:10. John 17:21.
7. THE CHURCH OF CHRIST PLEADS FOR UNITY OF ALL believers in Christ. I Co. 3:1-5. Eph. 4:6-8.
8. IT IS NOT A DENOMINATION, NOR GROUP of denominations, but the body of Christ. Col. 1:18. He is its founder. Matt. 18:18.

Emerson Rabon Will Address Citizens On Charter Nite, Mar. 11

The new Citizen Club of Belle Glade will receive its charter from the National Charter Night 11th at the Country Club. The featured speaker will be Emerson Rabon, vice-president of the National Association of Broadcasters. Also participating in the program will be Ed Faircloth, district governor of the National Association of Broadcasters. Local Citizen Club officers include: Richard Poston, President; R. S. Burr, First Vice-President; Howard Payne, Second Vice-President; Howard Payne, Secretary and Milton Burry, Treasurer.

The Board of Directors of the Belle Glade Citizen Club is comprised of the following: Kenneth Lutz, Allen, Myron Ludlow, Emmett Harris and Robert Matthews. The new Belle Glade Citizen Club is one of several hundred Citizen Clubs over the United States and in neighboring countries, all of which are devoted to Building Good Citizenship. Through the years since the first World War, Citizen International has endeavored to give new meaning to citizenship — to develop in the hearts and minds of men the realization that citizenship not only involves certain rights and privileges but even more important, that good citizenship carries with it obligations and duties.

Citizen Clubs have complete freedom in selecting their projects according to local needs but all are committed to an "Action Program of Citizenship Building" which includes four general types of activities: (1) within the club, (2) with the adult members of the community, (3) among the young people and those needing assimilation into the community, and (4) with the community.

The objectives of Citizen are: (1) Building of Good Citizenship and the Promotion of International Good Will; (2) Support of our Governments in War and Peace; (3) Elimination of Communicable Diseases and Improvement of the Public Health; (4) Greater Public Safety; (5) Curbing of Crime.

Approximately 28 business and professional men are charter members of the new club. The club may extend invitations to other men under rules which it will make for itself.

The Charter Members of the Belle Glade Citizen Club are as follows: Edward F. Allen, Robert Allen, Jr., Robert Chalk, Jack Bradstock, Robert Braddock, Milton Burry, Donald Burdine, R. G. Burr, Howard Fisher, Randy Forrest, Gerald Fussell, Emmett Harris, Jr., H. Hendrix, George Hruby, Palmer January, Myron Ludlow, Charles Lutz, Kenneth Lutz, Robert Matthews, C. L. McWhorter, David Moten, Robert Nelson, Howard "Payne" Richard Poston, Marvin Smith, Ernest Westhames, Robert White and James E. Williams.

Jimmy Is Reasonable But He Is The Assessor

Jimmy Owens, Tax Assessor is asking that cattlemen meet him at the City Hall on Tuesday and Wednesday, March 19th and 20th to tell him about their cattle which he must put on the assessment roll.

If you don't make a return yourself he must assess what he finds on the best information he has in hand, and then add 10% — that's law.

Now, Jimmy says "Come on you boys and give me the dope, whether you landowners own the cattle or you are renting the land, and I'll be reasonable." He normally assessed \$100 on \$200 on the range full grown cows.

New Organist At Community Methodist Church Is 14 Year Old Karen Vadasz

Mr. and Mrs. A. Vadasz of South Bay, as well as the community, may well be proud of Karen Vadasz 14 year old student of the Belle Glade High School. She has the answer to the much talked subject of "Juvenile Delinquency" as Karen is probably the busiest teen-ager in town. A student of piano and organ, flutist in the band, president of her section, and student council representative of her class.

With the opening of the College last fall the Methodist Church was left without an organist, as Marian Womack and Glenda Dell left to further their musical career. With a slight knowledge of the organ the burden fell upon Karen to carry on, although an accomplished pianist the organ is quite different, especially following such musicians as Marian and Glenda. However, she accepted the situation with humility and worked hard in her limited time, encountering many difficulties which always go with such responsibility.

Her activities have been rewarded with three Choirs on Wednesday night, plays for Sunday School, as well as the regular Church services on Sunday, also the Senior Methodist Youth Fellowship on Sunday evenings. Special programs for Christmas and Easter as well as revival which require time and rehearsal, and not forgetting the practice hours on the piano and organ.

With all this Karen is an honor student in school and manages to find some time to indulge in her favorite sport water skiing. The outstanding quality is that she is a modern person, unaware of her accomplishments.

PARKING PLAYS
(Continued from page One)
With all of Florida becoming industrialization-conscious and especially Florida expanding its appeal to industrial firms, the matter of zoning is all important.

So that the public may be informed, and so that they might be able to direct attention to local conditions affecting possible zoning outside of the incorporated municipalities, a public hearing will be held Monday afternoon from 1:30 to 7:00 p. m.

In considering your place in this meeting if you are a property owner, remember this is for you and it is easier to get your "two cents worth" in before the rules are made instead of waiting until some rule you do not like is enacted.

Any building or other use of any property you have must conform to the jurisdiction of this County Zoning Board, unless it is in an already existing

Rev. Garrett, pastor will preach the evening service on "Meet Your Work With a Song." The first session of the study on Paul's Letters to Local Churches sponsored by the Woman's Society of Christian Service under the leadership of Mrs. R. V. Allison was conducted Wednesday night at the Church on "The Man Paul."

International Letter Writing Week Is Set

Postmaster George P. Farnall of Belle Glade today called attention to the First International Letter Writing Week, October 8-12, 1957, and invited local groups and individuals to make plans now to participate in this event, to promote international friendship and understanding.

Mr. Farnall called attention to a new movement that the Postmaster General, Mr. Arthur E. Summerfield, has made in connection with this peace promotion endeavor. The Postmaster General's statement, as released by Mr. Farnall was as follows:

"We of the United States Post Office Department have watched with growing interest the developments leading toward the establishment of an International Letter Writing Week among the 96 countries of the Universal Postal Union."

"The first International Letter Writing Week, October 8-12, 1957, pays tribute to the postal systems of the world and their contribution to person-to-person communications."

"We feel that this program can emphasize and advance the objective of the People-to-People program as expounded some months ago by President Eisenhower when he established a broad commission for this purpose."

"Thoughtful people all over the world must surely recognize that person-to-person relationships must be further developed and sustained in a modern world that is both blessed and sometimes confused by the power and diversification of mass communication techniques."

"In the United States we expect to do our part in strengthening programs of this kind for we believe them to be valuable in creating better understanding among the nations of the world."

Program On Mental Health At PTA Meet

Dr. Maurice Sullivan, psychiatrist and social worker with the Palm Beach County Guidance Center will act as moderator for a film on Mental Health entitled "Feeling of Hostility," at the meeting of the Parents and Teachers Association Monday night, March 11 at 8 p. m. at the high school auditorium.

Mr. Sullivan will be presented by Mrs. Doris Mills, executive secretary of the PBC Mental Health Assn.

According to information on the film presented by Mrs. Ed Lively, PTA chairman on Mental Health, it is a case history of a young woman, outwardly successful with an enviable social position, but who has inadequate personality. The film traces her life from early childhood, prior to her entrance into school, through her elementary and high school years and college, to her place in a responsible position. Her emotional inadequacy and feeling of hostility in personal relations is pointed out and suggestions made in which parents may avoid some of these patterns of development in their children.

An open discussion from the film will be held by Dr. Sullivan who will answer questions, following the showing of the film.

The public is cordially invited to attend this meeting.

Home Mortgage Money Increase

"More money for home mortgages and small business loans was made available in Florida last year than ever before in spite of the national tight money situation," the Florida State Chamber of Commerce reported yesterday in its weekly economic report.

"By year's end, recorded mortgages of \$20,000 or less were 4 per cent over 1955. In view of a 5 per cent drop nationally, and greater decreases in a number of states, Florida's position was decidedly favorable."

"On the other hand, the gap between demand for home financing in Florida last year and amounts actually loaned was greater than in prior years. This feature was one of the results of the state's rapid growth. Last year's 4 per cent gain in dollars loaned contrasts with a whopping jump of about one-third in 1955 and one-fourth in 1954," the report pointed out.

"The total loaned last year

was considerably over a billion dollars. Savings and loan associations were the original

lenders of over a third of this amount; individuals and government agencies each made one-fourth available; and commercial banks and insurance companies handled the balance. Since most of these mortgages are secured by residential property, these data are considered a reasonable gauge of home financing activity the report concluded.

Fla. Public Protected
By State Inspections

Garden Supply Dealers must know the regulations governing the products which they sell or they may unwittingly subject themselves to a stiff fine or even a six months prison term, it was revealed by Doyle C. Golden, Administrative Assistant of the State Chemist Office.

Golden, whose department is

responsible for inspecting insecticides and fertilizers, made the statements in an address before the South Florida Garden Supply Association at a meeting held recently. Dealers who sell pesticides like chlordane, DDT in bulk out of 50 pound bags are subject to severe penalties under Florida pesticide laws. Golden stressed the fact that his department is not out to "get" dealers who unwittingly make infractions of the law. "We usually issue a stop sale order where a dealer or manufacturer violates a regulation" Golden said. "This gives the offender an opportunity to comply with the law and avoid a penalty."

The speaker pointed out that the inspection laws actually protect the reputation and integrity of the legitimate dealer and manufacturer, as well as protecting the public. Basically, the laws work like this: Any manufacturer or packager of plant food or pesticides must register each product with the State in order to sell it. He is required to state in detail the contents of the product and give instructions as to the safe handling of pesticides. Inspectors call on stores and look over their stocks to see if all pesticides and fertilizers are properly registered. They also take

periodic samples from the products for analysis by the State Chemist Office to see if they actually contain the ingredients claimed.

Dealers and manufacturers are protected from unscrupulous fly-by-night competitors who might otherwise sell sub-standard products and destroy public confidence. Golden urged dealers to report any manufacturer who attempts to sell pes-

ticides or fertilizers not registered in Florida. Frequently out of state firms send samples into Florida without bothering to register their products here. The dealer who stocks these unregistered products may have them seized next time the inspector calls on his store. Florida law also prohibits the sale of food of poisonous pesticides with food stuffs or near milk producing animals.

TOP WOMEN OF PBW attended the District 8 meeting held here at the Municipal Court Club.

Mimi Southwick, Lake Worth and Miss Sara Lee Crech, Belle Glade, past state presidents. Standing (l-r) Mrs. Eva Alkire, Ft. Pierce, district treasurer; Mrs. Lila Mae Dugan, Miami, State President; Mrs. Ueoba Barry, local president; Mrs. Helen Speed, Delray Beach, director; Mrs. Ruth Abbe, Boynton Beach, sec. Over 60 attended the all day session. Officers elected not in picture were Mrs. Shelli Cox, assistant director; Mrs. Pearl Killian, secretary; Mrs. Dorothy Stevens, treasurer. "Our Federation in Action" was the subject of the state president. A picnic style lunch was served with the Belle Glade club serving corn on the cob, salad greens, celery and radishes. Bags of Gladex grown vegetables were given to 60 women which were donated by the farmers.

periodic samples from the products for analysis by the State Chemist Office to see if they actually contain the ingredients claimed. Dealers and manufacturers are protected from unscrupulous fly-by-night competitors who might otherwise sell sub-standard products and destroy public confidence. Golden urged dealers to report any manufacturer who attempts to sell pes-

ticides or fertilizers not registered in Florida. Frequently out of state firms send samples into Florida without bothering to register their products here. The dealer who stocks these unregistered products may have them seized next time the inspector calls on his store. Florida law also prohibits the sale of food of poisonous pesticides with food stuffs or near milk producing animals.

Boys and Girls
In Service

Ross Winne, Jr., stationed at Fort Benning, Ga., with the 3rd Division of the 3rd Army received a promotion to First Lieutenant on February 17 and is now a Battalion Motor officer.

A graduate of Belle Glade High School Class of '51, L. Winne graduated with a BSBA degree from the University of Florida. He was an ROTC student the first two years and the last two years took advanced ROTC as a distinguished military student. He was commissioned in the army thru ROTC June 1955 and joined the army in August where he was unit-platoon leader in weapons company and maintenance officer, before receiving his promotion.

Winne is the son of Mr. and Mrs. Ross Winne, Sr. of Chosen and was married to Joan Kathryn Dubler of Ocala in June 1955. In March 1955 he will be transferred with the 3rd division by gyrocopter to Germany to replace the 10th division. His wife will accompany him and he will be allowed to take most all of his possessions including a car.

Chrysler Wins NASCAR
Events In Daytona

Chrysler wrapped up three performance championships over all other production cars entered in NASCAR Speed Week events here as Brewster Shaw pushed his Chrysler 300-C through the traps of the one-mile Acceleration Test course to average 88.8 mph. This assured Shaw and Chrysler of the Mechanix Illustrated Acceleration Championship as well as two others. Last year Shaw won in class seven with a speed of 81.7 in a Chrysler 300-B.

For the second consecutive month retail deliveries of Imperial automobiles have broken all sales records in the auto-

history, reports C. E. Biggs, vice president in charge of sales, Chrysler Division.

An all-time record of 2,789 Imperials were sold at retail during the month of January, an increase of nearly 200 per cent over January a year ago. January sales topped by 28.7 per cent the previous all-time record of 2,203 Imperials sold in December, 1956, Mr. Biggs said.

For the 10th period ending January 30th, Imperial sales totaled 1,390, up 38.3 per cent over the previous 10-day period, and up 197 per cent over January deliveries a year ago. Retail deliveries of Chrysler automobiles also showed an increase in the last 10 days of January when 3,917 were delivered, up 47 per cent over the previous 10-day period, and up 197 per cent over January deliveries a year ago. Water Conservation
And Agriculture Are
Promoted By New Pumps

Conservation of water is one of the major aims of the central and southern Florida flood control project, according to an announcement by the FCB board.

Stating that enough water was saved by district pump stations during two days of heavy rain in January to supply the city of Miami for more than five months, the board emphasized one of the many purposes for which the District of West Palm Beach is responsible. One pump station, S-5-A removes storm flows from a 230 square mile area along the West Palm Beach canal for impounding in three conservation areas in southeastern Florida. The ultimate purpose of these areas is to provide storage space for water which would otherwise be wastefully discharged to the ocean, to provide a source of water for dry season use in the Everglades National Park and on the coastal

area, and to provide a depository for excess water from agricultural areas.

The Pump Station S-2 at the confluence of the Hillsboro and North New River canals rapidly removes and stores floodwaters for use in dry periods. Collected benefits such as prevention of overdrainage and salt water intrusion and conservation of fish and wildlife result from water being retained instead of being drained off to sea. FCB work in prospect, and dependent upon appropriation of \$15 million this year by Congress, in the upper and lower Kissimmee river basin will conserve water and maintain open lake levels from Lake Hart to Lake Okechobee.

The board spoke of the FCB project as conserving water, the national program for forest water conservation if the water needs of all the people are to be met, the board said. With consumption of water at the rate of 160,000 gallons per capita for all purposes across the state, the board said, the heavy demands for that commodity, it becomes apparent that no drop of water can be wasted. True water conservation is the control of that resource with due regard for present public need, the rights of posterity, and the preservation of natural beauty. The beneficial use of water and its control is being solved jointly in the FCB by local interests, the State, and the Federal government.

BELLE GLADE GUIDE

By B. G.

Have you had the pleasure of witnessing the "Thrill of the Year"? You haven't? My dear people, you do not know what you are missing. Of course the "Thrill of the Year" is Buick, and this year, 1957, it's the newest Buick yet. New long, low, flowing lines, new Dynaflo transmission, new Buick naturally, you do not know what you are missing. It's the place to see, drive, and buy your "Thrill of the Year." Why not go in to see them today — talk to anyone of the courteous salesmen, and find out for just how little you can own a 1957 Buick.

I'm all elated! I have found some casual shoes that really

fit me at Kahn's. Like a lot of women, I have a difficult time to fit, but Jerry Russell, manager of the shoe department, tells me that he stocks unusual sizes for people like me. These are California Cobblers with a layer of foam rubber inserted in the sole — feels like walking on a cloud! You'll find other name brands like Hollywood Scooters, Jantzen Jandoliers, and Foot Flair for women; Florsheim and Jarmar for men. Name brands, in fact, are Mr. Kahn's stock in trade throughout his store. Have you seen the "Rhapsody in Blue"? It's a "Rhapsody in Blue." Lavish use of pegboard for displays has made Will's Hardware look like a page out of a magazine ad. Mr. Hendrix, the owner, spent a lot of time planning his brand spanking new shop and the result is a great credit to our town. Take a

NOW! A FUNGICIDE RAIN AND WATERING CAN'T WASH AWAY!

Chem-Bam
the only fungicide with U-101
residual sticking agent

All namah fungicides do a fine job of protecting crops against blight and other diseases. None, however, can do the job like Chem-Bam... because Chem-Bam's the only one with U-101.

Sticks Like Glue
U-101 is a sticking agent. It makes the fungicide stick to plants and vines as if it were glued on. Neither rain nor watering can wash away crop-protecting Chem-Bam.

Full Plant Protection... Full Dollar Profit
A fine kind of crop protection, of course, pays off big. You get healthier, more marketable crops. You get higher yields—10% higher according to tests conducted by a leading agricultural college. And you get higher profit!

Finer Distribution in Spray
Chem-Bam's easy and more economical to use, too. You spray it on like any other liquid fungicide. But the results are better because U-101 gives you a finer distribution of fungicide in the spraying area.

Try now Chem-Bam with U-101 on part of your crops. See the difference it will make in protection... and profits!

CHEM-BAM with U-101
now available in 30-gallon drums

Also growing with the Glades is the Harris Insurance Agency, which is moving to a brand new building at 125 S. E. 5th E. on April 15th. I was amazed to learn that Mr. Harris is an independent agent dealing with some twelve or fourteen different companies. He explained that he chooses the right company for the type of insurance, whether for automobile, business or home. "It is this type of service rendered for twenty years," he said, "that has put Harris Insurance Agency at the top in the Glades." He will shortly mail out a "Tel-Aid" plastic clip-over for the center of the telephone dial which lists emergency phone numbers. Keep a sharp lookout for yours!

Another store in spacious new surroundings is Forest Five and Ten Cent Store. Mr. Forrest has combined the variety found in the larger 5 & 10's in many, compared with 3,255 when the last directory was delivered. The new telephone directory has many new changed listings and other helpful telephone information. It is easily distinguishable from the old grey-covered telephone book by its green cover. Enough new directors have been printed to supply every telephone subscriber and to allow for future telephone expansion.

The classified section — yellow pages — contains listings for business telephone subscribers under headings alphabetized according to their businesses or professions. The variety of classifications describing products, services, professions and businesses provides a convenient ready reference guide when you want to locate a firm or individual," Mr. Reddy pointed out.

C. C. EXECUTIVE

(Continued from page one)

On the subject of federal school aid the speaker pointed out that with this aid will come, undoubtedly, control. He pointed out that Kentucky will be allotted some \$800,000, while being taxed only \$200,000 for school construction; that California has built 523 classrooms for other states and that Florida has built 28 rooms for other states. In short, he implied, 28 states will pay for classrooms in 28 states under the proposed system, and schools in the 28 states will come under federal control.

"A strong Legislative Committee," the speaker urged, "when it studies the overall conditions will find that federal assistance is an expensive 'gift,' for it is more economical to do necessary improvements under local financing and supervision." Our own legislative contingent appreciates such committees and likes to appeal to them for information and advice as to local feeling," the speaker continued.

"Profits of private enterprise instead of being the 25 to 40% usually visioned by the public, are reduced to those of Sears Roebuck whose net profit as recently reported, was 12% for '53'."

Local Chamber of Commerce members were invited to attend a Ft. Lauderdale meeting of its legislative committee on March 22nd, and volunteered speakers from that organization to assist local committees.

There will be a meeting of Chamber executives of Florida at Tampa on May 10-12 and the National Chamber is setting up a meeting in Ft. Lauderdale on May 28th on lay leadership. Local members are invited to both meetings.

The Coffee Club is an important vehicle in Chamber of Commerce activities, the visitor because of the informal fellowship and opportunity to discuss vital questions.

Freak Accident Makes Friends For Glades

"She ain't so big" — the world, that is — but it takes unexpected incidents sometimes to make us realize it.

During the Korean "police action" Col. Bill Young came to know a fellow officer, Col. Robert Bach of Lexington, Ky. When their time was no longer required in the service Young came back to Belle Glade and Bach continued with his construction business in Kentucky.

Tuesday afternoon about 3:30 a small truck headed north had crossed the Okeelanta bridge and was signaling its intention to turn left, causing three cars moving north on US No. 27 to approach the bridge at lessening speed and finally to a stop. Col. Bach was the second of the three cars and suddenly found himself shoved forward and in the direction of the New River Canal, from some terrific force.

Finally he kept his car from the canal and headed back up on the road. The third car had been shoved out into traffic coming from the north only to be hit and turned several times slapping whatevers was in the way indiscriminately. When the six cars which were finally involved came to a halt some nine persons riding in the cars were involved, including a child, but no one was seriously hurt.

Col. Bach's Buick, an Oldsmobile and another Buick along with the Cadillac which had rammed the line of stopped cars were brought into Belle Glade.

Col. Bach renewed fellowship with Bill Young, spent two days in Belle Glade, bought a new Roadmaster and has gone on to a five weeks maneuver in Louisiana with the Armed Forces. He's considering returning to Belle Glade to discuss building some houses.

The driver of the otherparty, Col. Cadillac bought a new Roadmaster and the owner of the second Buick replaced the wrecked one with a new car. Bob Davis, Hut Spomer and Junior Dean have another Buick ready to lead the fourth of the victims have to be on his way.

Belle Glade gained friendships thru the neighborly attention to strangers wrecked on our highway. Three cars were sold and Bill Young enjoyed association with a service friend.

All wrecks don't turn out that way!

Drive Safely — Our cars and roads have been improved. Now let's improve our driving.

Drive Safely — A good luck beats good luck in the job of safe driving.

BG Cigarette Tax For January \$2,485

Belle Glade's share of the money from the cigarette tax distributed from cigarette taxes amounted to \$2,485.22 for the month of January. Other municipalities around the lake area eligible to receive the tax are Pahokee \$3,080.38; Clewiston, \$2,195.42 and South Bay, \$1,240.15.

Cigarette taxes from the entire state totaled \$2,181,008.27 according to J. D. Williamson, director of the State Beverage Department collecting the tax. And of this amount \$456,371.67 will go to the general revenue fund. The balance of \$1,724,636.60 will be distributed to incorporated municipalities.

John Thomas On All-South Coast Conference Basketball Team

The following players were named on the All-South Coast Conference Basketball Team: Vandenmark and Max Cole, Seacrest; Larry Brown and Tim Locher, Lake Worth; David Peck, Ft. Pierce; Fred Young, Vero Beach; Jack Stewart, Stuart; Bill Zinke and Ray Myrick, Pompano; John Thomas, Belle Glade.

Those receiving honorable mention were Cumpton, Jackson and Norris, Belle Glade; Gleason, Miller, T. McLean, R. Malar, Seacrest; Sylvester, Welsh, J. McCormick, Ft. Pierce; Hughes, J. Walton, Pompano; Johnston, Vero Beach; Jensen, Lake Worth.

Repeaters in top 10 from last year were Vandenmark, Brown, Thomas, Cole. Unanimous choice this year are Vandenmark, Locher and Cole.

BASEBALL SEASON

(Continued from Page One)

Morgan Tyson will be kept busy scrapping for position by newcomers Mike Challanson, Charles Lutz, and Billy Jackson. Earl Armstrong and Billy Abel will be veterans batters for the outfield positions but several players fresh out of the Pony League will make it interesting for them.

It is hoped that if enough boys are interested a "B" league can be maintained. At the end of the first week of practice it will be necessary to cut the "Squad to 15 men."

Hospital Auxiliary To Meet March 12

Belle Glade Hospital Auxiliary will meet Tuesday, March 12 in the nurses lounge of hospital for a work session at 2 p. m. followed by its regular business meeting. At that time a report on the membership drive will be heard.

BG Garden Club Meeting March 14

The Belle Glade Garden Club will meet March 14 at the Community Clubhouse for its regular meeting at 2 p. m. There will be a "Workshop on Grafting." The contest will be on Amaryllis arrangement for church and specimen will be an Amaryllis. Mrs. George Fairman will be judge's chairman.

THANK YOU

My sincere thanks and appreciation is extended to the doctors and nurses for their kind care, to my friends for the cards, flowers and consideration during my two periods of illness.

Elgie Johnson

THANK YOU NOTE

We extend our sincere thanks and gratitude for the many courtesies and the sympathy extended during our recent sorrow. The thoughtfulness of our many friends and neighbors will always be remembered.

The family of Robert A. Cameron

THANK YOU

We wish to thank our friends for the many kindnesses shown during the illness and loss of our daughter, Judith Lynn. The knowledge that so many cared has been a comfort to us.

Mr. and Mrs. William B. Rhodes.

"The Big Un Got Away—Howz These?"

MISS WINNIFRED COBB and WOODY McFELIS had to quit when the big ones began breaking lines and running off with hooks recently on a trip to Lake Okechobee. They liked it though, for they came in for more line and tackle and went back to it.

Yep, they're just small ones from Lake Okechobee. The big one weighed 6½ pounds in THE HERALD OFFICE.

Bird Lovers Invited On Two Interesting Trips By Audubon

The Florida office of the National Audubon Society has announced the establishment of wildlife tours of the Everglades for the winter season.

Based at Clewiston, two of the daily trips are by station wagon through country seldom seen by white man. One of the excursions goes to Corkscrew Swamp Sanctuary, the other takes in Fishtailing Creek and Indian prairie country. Both trips are completed in a day's time.

Corkscrew Swamp Sanctuary is located at the northern tip of the Big Cypress Swamp in one of the wildest regions of Florida. Massive colonies of wood ibises and American egrets, as well as many other species of wild birds and ducks, live in this unbelievably beautiful area.

Under the supervision of an Audubon warden, a raised board walk has been constructed into the very heart of the swamp and tourists may take this trip into an area teeming with wild life in perfect comfort.

The one-day trip northwestward from Clewiston into the wild Fishtailing Creek and Indian prairie country includes a ride on the dike bordering Lake Okechobee. Traveling through the ranch country of the Everglades and along Harney Pond Canal into Brighton Indian

VFW Auxiliary Meeting

V.F.W. Auxiliary No. 8161 will hold its regular meeting Tuesday night, March 12th at 8 p. m. at the home of Mrs. Carolyn White in Chosen. This meeting will be nomination of officers for the ensuing year. President Happy Ogle urges all members to attend this meeting.

Both tours originate at the popular Clewiston Inn where the finest accommodations are obtained in the attractive hotel noted for its southern hospitality and the quality service in the dining room.

Complete details and reservations for these and other wildlife excursions into Florida's Everglades may be obtained at the Society's Miami office at 13 McAllister Arcade.

Efficient Irrigation

Here is a machine that helps
Vegetable Growers obtain smooth,
level land, ideal seed beds and ef-
ficient irrigation. In the same operation
the Everman levels land, pre-
pares a firm, well packed seed bed
which is ideal for precision planting,
close cultivation, and more efficient
operation of mechanical harvesters.

Makes possible planting of costly
seed at precisely the right depth to
insure full germination and superior
stands with resulting high yields.

For Filling Pot Holes
And Improving Drainage

With your own tractor and an
Everman you can move dirt, fill
swales and pot holes, build grass
waterways, improve drainage of
your fields, level and smooth the
surface and prepare well packed
seed beds. All this work is done with
the same machine which works fast
and efficiently.

For Cattlemen In Developing
Better Permanent Pastures

The Everman is being used by
cattlemen throughout the region in
preparing ground before planting
permanent pastures. The Everman
flattens off land and is a smooth and
level, producing a fine seed bed
that gives better stands with less
high priced seed and fertilizer.

Makes land easy to irrigate, elimi-
nating the high spots and low spots,
saving water, time and labor, giving
more production from each acre.

Girls Wrestling In
Belle Glade Mar. 9
At Legion Hall

Three big matches are sched-
uled to be held tomorrow night,
March 9, at 8:30 at Belle Glade
American Legion hall.

Appearing will be Princess
Dawn Eagle, Indian Girl West-
ler vs. Hill Billy Kate, worlds
most unique girl wrestler; Mar-
lene Schmidt vs. Violet Ray,
world's "welterweight" champ,
and world's light weight cham-
pioness.

The Tag Team match is un-
questionably the high spot of
the evening's program.

In this event two wrestlers
are on each team. It is up to
the referee to keep all four
from coming in the ring at the
same time. You can bet he will
have a busy evening.

Jack Wellington, matchmaker
for the evening's matches has
made a specialty of promoting
matches.

Violet Ray is said to be the
most scientific wrestler in the
women's division. The "girl
with a thousand holds" has
never been defeated by anyone
of her weight. She won a tele-
vision wrestling popularity con-
test last year. Coming from
Knoxville, Tenn., this pretty
little Southern Belle is a favor-
ite with the crowd, depending
on speed and science rather
than rough tactics to defeat her
opponents.

OPERATION BIG SWITCH

for Better Florida Farming

Florida farmers are switching more and more to electricity to speed work, improve efficiency, increase profits. For instance, many dairy farmers are now installing lights in the floors of milking stalls to provide better illumination during milking. Makes inspecting for sanitation easier, speeds milking by hand or machine. Look around your farm... discover ways electricity can make your farming more efficient.

Electricity lightens the work of the farmer's wife, too. For example, heating water electrically is cleaner, safer, and more economical in an all-electric kitchen-bath... on the farm or in town!

SOUTH BAY SCHOOL NEWS
Linda Wilder - Sharon Prevatt

The South Bay basketball team played its first tournament game, Feb. 28 at 5 p. m. They defeated Lake Worth 29-27. The second tournament game was held March 1, when South Bay beat Central 20-18 and on March 2 the team met defeat in the final game against Riviera, 48-30.

Butch Davis received a gold basketball for outstanding player in the game and Roger Walker received honorable mention.

Positions were as follows: Forrest Norton, forward; Wendell Rhodes, forward; Roger Walker, guard; James Kewey, standing guard or center; Philip Mansfield, standing guard or center; Butch Davis, guard; Walter Leslie, sub-standing guard or center; Francis Ruby

and Eugene Sowell, subs. Linda Wilder and Sue Miller were cheerleaders and the Hurricanes performed at the last game.

Cub Scouts Present Indian Skit At South Bay School Assembly

Cub Scout Den Eight of South Bay, under the direction of Mrs. O'Neal Walker, presented an Indian Skit at South Bay School Assembly last week. Basic qualities for an Indian Chief, honesty, unselfishness, faithfulness, patience, bravery, and friendship were portrayed.

A four-shelf bookcase which the boys had completed as their project for the past two months, was presented to the third grade and accepted by the teacher, Mrs. Edrie Maxwell.

The theme for March is "Indian Trails". At their last week's meeting the group made Indian Head-dresses and beads. A feather hunt was also one of their activities. During the month they will make additional Indian regalia.

Mrs. Kelly Willis is assistant Den Mother for the group. Participating in the skit at the school assembly and attending the last meeting were: Ed Myrick and Bob Walton of Pompano, Dave Kelmanson of Stranahan and Billy Jackson of Belle Glade. These boys were able to deliver under great pressure.

HIGHLIGHTS OF 8th
(Continued from page One)
Ed Myrick and Bob Walton of Pompano, Dave Kelmanson of Stranahan and Billy Jackson of Belle Glade. These boys were able to deliver under great pressure.

The quality of basketball played and the closeness of some of the games. The outcome of several games could have been different except for a fumble here, a bad pass there, or a single loss of the ball through a rule violation. The Seacrest-Key West game which went into overtime but had gone the other way could have gone the other way but for a single stray foul shot.

The ten players selected for the All Tournament teams: Hopey and Bonovitch of Key West; Myrick, Walton and Hughes of Pompano; Kelmanson of Stranahan; Apowitz of Hialeah; Cumpton of Belle Glade; Vandemark of Seacrest; and Locher of Lake Worth. Others receiving honorable mention were Norris of Belle Glade, Simpson of South Dade, Parks of Key West and Cole of Seacrest.

The size and behavior of the crowds. A new attendance record, over 1,000 on Friday night was set. The games drew 3,000 people or less. The spirit and attitude of the fans was most commendable.

NOTICE TO CATTLE OWNERS

ALL CATTLE UNDER THE FLORIDA STATUTES, ARE SUBJECT TO A PERSONAL PROPERTY TAX. The law requires all owners of cattle or persons with cattle in their custody to make a tax return to the Tax Assessor in the County where cattle are located. If no return is made by the owner or custodian it is the duty of the assessor to assess the cattle from the best information that he has available.

THIS IS TO ADVISE THAT I WILL BE AT THE BELLE GLADE CITY HALL ON TUESDAY AND WEDNESDAY, MARCH 19th AND 20th, for the specific purpose of taking tax returns on cattle. I respectfully urge all those owning cattle, or having cattle in their custody, or control, to call at the City Hall on the above date and make your return.

It is not the desire of this office to PENALIZE anyone, but a 10% PENALTY will be added to any assessment made on cattle where no return is made by the owner. I shall appreciate your cooperation.
